**SERVICE CHARTER**

## **FOREWARD**

The enactment of the Petroleum Industry Act (PIA), 2021 by His Excellency, President Muhammadu Buhari, on 16th August 2021, ushered in a new dawn of regulatory legal framework which established the Nigerian Upstream Petroleum Regulatory Commission (NUPRC), as one of the distinct governing institutions. The Act seeks to promote transparency, good governance, and accountability in the administration of the petroleum resources of Nigeria.

NUPRC in line with its statutory mandate is committed to supporting and contributing to the Federal Government's Agenda of repositioning and transforming the public sector for effective and efficient service delivery in line with Presidential Executive Order on Ease of Doing Business (EO 001).

The Commission commends especially His Excellency President Bola Ahmed Tinubu on his innovative agenda for the Nigerian Petroleum Industry through various Executive Orders aimed at re-invigorating the industry by removing barriers to entry and incentivising investments in the sector.

The advent of the PIA, 2021 necessitated the review and update of the Service Charter in line with the spirit and intent of the Act. This Service Charter aims to set out our mode of operations regarding the standard and quality of services that we deliver to all Stakeholders/Clients with a definite timeline.

This Service Charter specifies the protocol for service delivery, the rights and responsibilities of both parties, and how our Stakeholders/Clients can access our services through established channels.

We believe we can only achieve effective service delivery by working in collaboration with our Stakeholders/Clients. As you interact with us at NUPRC, we implore you to send us feedback through the available channels as this will enable us to continually improve our processes and service delivery.

Thank you

# 01 INTRODUCTION

NIGERIAN UPSTREAM PETROLEUM  
REGULATORY COMMISSION

## **1.0 INTRODUCTION**

Pursuant to the Petroleum Industry Act 2021, the Federal Government established the NUPRC responsible for technical and commercial regulation of the Upstream Oil and Gas sector in Nigeria.

The legal framework within which the NUPRC operates are the enabling laws, regulations, guidelines, and such other legal documents as may be issued from time to time.

## **2.0 PURPOSE OF THE CHARTER**

To communicate both the NUPRC and Stakeholders/Clients' obligations and expectations in services rendered and stipulate mechanism for addressing complaints.

## **3.0 VISION**

Be Africa's leading Regulator.

## **4.0 MISSION**

Promoting sustainable value creation from Nigeria's Petroleum Resources for shared prosperity.

## **5.0 MANDATE**

The Commission shall be responsible for the technical and commercial regulation of upstream petroleum operations, issuance and enforcement of standards, codes, and guidelines for effective compliance with applicable laws, regulations, and implementation of policies to ensure cost effective and value adding petroleum operations for shared prosperity.

## **6.0 FUNCTIONS OF NUPRC**

- I. Regulate upstream petroleum operations including technical, operational, and commercial activities.
- II. Ensure compliance with all applicable laws and regulations governing upstream petroleum operations.
- III. Ensure that upstream petroleum operations are carried out in a manner to minimise waste and achieve optimal government revenues.
- IV. Promote healthy, safe, efficient and effective conduct of upstream petroleum operations in an environmentally acceptable and sustainable manner.
- V. Ensure efficient, safe, effective and sustainable infrastructural development of upstream petroleum operations.
- VI. Determine, administer and ensure the implementation and maintenance of technical standards, codes, practices and specifications applicable to upstream petroleum operations pursuant to good international petroleum industry practices.
- VII. Implement government policies for upstream petroleum operations as directed by the Minister of Petroleum in accordance with the provisions of this Act.

- VIII. Promote an enabling environment for investment in upstream petroleum operations.
- IX. ensure strict implementation of environmental policies, laws and regulations for upstream petroleum operations.
- X. Ensure the implementation of national policies for upstream petroleum operations; and
- XI. Implement such other policies and objectives as are consistent with the provisions of this Act.

## **7.0 OUR STAKEHOLDERS/CLIENTS**

- Exploration and Production Companies
- National Oil Companies
- Service Companies
- Host Communities
- Government Agencies
- Oil and Gas Producing States
- National Assembly
- Civil Society Organizations
- The Public

## **8.0 OBLIGATIONS**

### **8.1 Stakeholders/Clients Expectations from NUPRC**

- Fair, efficient, and transparent services to all operators, service providers and other stakeholders.

- Consistency and equal treatment in enforcement of all applicable laws and regulations governing upstream petroleum operations
- Prompt feedback and polite response to all inquiries on issues in the Upstream Petroleum Sector.
- Honest and objective evaluation of all applications submitted.
- Timely investigation and feedback to reported acts of service failure.
- Open access to relevant information about NUPRC operations, regulations, applicable laws and guidelines.

## **8.2 NUPRC Expectations from Stakeholders/Clients**

- Compliance with the provisions of the Act, Regulations and Guidelines.
- Report service failures or seek clarifications through designated telephone lines, Enquiry Management System (EMS) platform and email addresses.
- To treat staff with courtesy.
- Submit relevant documents and required reports within stipulated time and in the prescribed format.
- Attend scheduled meetings punctually.

- Submit complaints or service improvement suggestions to NUPRC through the Enquiry Management System platform, telephone lines, email addresses and suggestion boxes in all our offices.
- Timely payment of all NUPRC fees as stipulated in the Service Charter
- Promptly report suspicious and illegal Oil and Gas operations in your locality to the NUPRC.

## **9.0 Stakeholders Consultation**

The NUPRC will engage and consult with Stakeholders/Clients quarterly or annually as the need may arise for feedback on services rendered by the Commission.

## **10 Performance Monitoring**

The Commission will periodically evaluate and monitor the implementation of the Service Charter through the following means:

- i. A designed monitoring template will be used Quarterly to assess all service windows to ensure compliance with the set service standards of the Commission.
- ii. Quarterly reports will be generated from the assessment and will be reported to the Management of the Commission for service improvement.

## **11 Grievance Redress Mechanism (GRM)**

The Commission is receptive to complaints about its services or any other pertinent matter which can further help to improve service delivery to clients through stakeholders' engagement.

Further complaints should also be directed to:

The Nodal Officer (NO)

Office of the Commission Chief Executive

Nigerian Upstream Petroleum Regulatory Commission

No. 7 Sylvester Ugoh Street, Jabi District,

Abuja.

Phone No. +234 7055622222, 09013331111, 08113936389

Email: [servicom@nuprc.gov.ng](mailto:servicom@nuprc.gov.ng)

**Website: [www.nuprc.gov.ng](http://www.nuprc.gov.ng)**

All complaints shall be acknowledged within 24 hours of notification and issues raised will be treated within ten (10) working days.

## **12. EXISTING LIMITATIONS**

- I. Errors in the exercises report calculations/submission of incomplete documentation by the calibration company.
  - II. Delayed response from companies/technology vendors
  - III. Delay by applicant in addressing any outstanding action that may arise from the conduct of the exercise
  - IV. Submission of incomplete application and documentation etc.
- Other limitations are linked to the local charter of all service windows of the Commission and can be accessed on the Commission website.

## **13. DATE OF NEXT REVIEW**

The Commission Service Charter will be reviewed every two years or as the need arises.
